Welcome to the 2015 NZ Angus Ward Tour

**Dear Fellow Angus Cattle Breeders,
Supporters & Commercial Friends.**

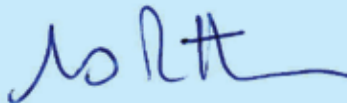

It is with pleasure that on behalf of the Hawke's Bay Angus Breeders I extend a warm invitation to all cattle enthusiasts to join us on our upcoming Ward Tour.

We look forward to showing you some excellent cattle displaying great constitution while demonstrating their ability to endure the climatic variations being increasingly felt along the East Coast. The diversity found within Hawke's Bay ranges from the rugged Ruahines to the alluvial Heretaunga plains supporting all types of agriculture from cattle and sheep to viticulture to orcharding and from the sea a thriving fishing industry.

This should be an enjoyable tour giving you the opportunity to rekindle friendships, while allowing the Hawke's Bay Angus Breeders the opportunity to return some of the hospitality bestowed upon us on previous tours.

In acknowledgement of our Sponsors, Hawke's Bay Angus is extremely grateful and would like to thank our Sponsors for the very generous support offered by them, their involvement in this tour helps keep the cost at a reasonable level allowing us to produce a three day package of good fun, food and cattle. So we look forward to receiving your early registration to assist us in tour planning.

Kind regards,

Charles Pattison

Chairman of Hawke's Bay Angus

We can *buy, sell, source* *and supply* your commercial and stud livestock genetics.

As New Zealand's leading specialists in the sourcing and supply of quality commercial and stud livestock genetics, we have the expertise, integrity and advice you can depend on. If you require specific genetics or advice on any livestock, talk to your PGG Wrightson Genetics Representative about improving your livestock's productivity and profits.

We also offer the latest in market information and livestock trading options such as Helmsman auctions through www.agonline.co.nz.

Benefits of Helmsman auctions include:

- National coverage with real time trading
- Bid on multiple lots all at the same time
- Well suited to stud bulls, service bulls & quality lines
- Easy to use and register

For Angus New Zealand, it's nothing but the best.

When your product sets the standard to which others can only aspire, you might think you'd be happy. But not a high achiever like Angus New Zealand, who demands the best not just of themselves, but of everyone they do business with.

Which makes it even more gratifying to have partnered with them for over ten years. A well aged relationship, so to speak.

To find out more about what Angus New Zealand sees in us, call us on 0800 366 466.

That's what works out here.
